

 *The Stickers*
band

The Stickers Band is a group of professional musicians with a repertoire based on the purest Soul style. They pay tribute to other adjacent genres but always it's with a singular objective: to enjoy good music and make the audience have fun.

You can hire the band in two different formats. The **Full Band** is ideal for livening up any party and getting the entire audience dancing, while the **Acoustic Trio** is the perfect entertainment for those more intimate occasions. Either way, it will be an elegantly staged performance, with professionally crafted musical arrangements and a careful repertoire that includes fresh versions of **Classic Soul, Blues and Jazz Favourites** as well as **Pop Songs from the 80's and 90's infused with Soul, Swing, Jazz or Bossa Nova.**

LEAD VOCALS

Natalia Biloba is a music lover, passionate about Soul, Jazz, Funk and R&B. She began her musical career at a young age in the United Kingdom as a vocalist for various bands, performing in music venues and private events. She has a richly nuanced voice, influenced by such great singers such as *Aretha Franklin*, *Sarah Vaughan* and *Amy Winehouse*. Natalia makes her debut on the Costa del Sol with The Stickers Band.

DRUMS & VOCALS

Javi Torres has been dedicated to music since childhood. He is a senior teacher of music, and has studied a variety of musical styles, delving into them through different instruments and ensembles. His passion for percussion, and specifically the drums together with his love of Soul music has led him to be part of this project.

GUITAR

Francisco Valencia has been dedicated to music since childhood. A guitar teacher at a music conservatory, he has delved into musical genres ranging from Classical and Jazz, to Flamenco, passing through Blues and Rock. He is a founding member of The Stickers Band.

BASS & VOCALS

Dr. Watson is from the UK but is not a qualified medical practitioner. Instead, he studied electric bass at the London College of Contemporary Music (LCCM). The Doctor has played in various groups in London, New York and Toronto, in musical styles ranging from Funk and Soul to Bluegrass and Indie-Rock. One day he arrived in Malaga, just in time to join The Stickers Band.

THE STICKERS ACOUSTIC TRIO

This is the band's intimate and elegant format and comprises a female vocalist, percussionist and piano/keyboards. This lineup is the Resident Trio at the Barbillón Marbella, and also performs regularly at renowned roof top bars such as the Málaga Palacio, the Molina Lario Hotel, and the Only You Málaga Boutique Hotel.

KEYBOARDS

Julio Roldán has been playing the piano since the age of 8. He completed the Spanish professional training to the level of superior in piano. At a young age, his eagerness to discover new sounds and new ways to have fun with the piano led him to get interested in Jazz music and Soul. He is currently part of The Stickers Band. For him it is a welcome escape from the rigid world of classical piano. His goal is to enjoy making music and for you to enjoy it too.
